**Categories:** 11-19 to 1-10 2014

Greetings everyone. Welcome to the new year.

I have cancelled our meeting this week as I have an out of the office meeting that I am required to go to. Here are the current updates:

- 1) Comments on the Gamma Test Cap Report are due Today. I will be gathering comments and sending them to FMC this week.
- 2) We now have the Final Remedial Design Work Plan in which addresses the last of our comments. This document was given a conditional approval subject to a few final changes which are outlined in the FMC cover letter.

If anything comes up, I will let everyone know. Otherwise we will talk in two weeks.

Kevin
